\* \* \*

Notice is hereby given according to State Statutes that the **Public Works Committee** of the City of Prairie du Chien will meet on **Tuesday February 18<sup>th</sup> 2014 at 5:30 P.M.** in Conference Room #2 of City Hall

### MEETING NOTICE – PUBLIC WORKS COMMITTEE

**Date: Tuesday February 18th 2014**

**Time: 5:30 P.M.**

**Location: Conference Room #2 – City Hall**

#### **GENERAL ITEMS TO BE ACTED UPON:**

- 1. Call to order/Roll Call**
- 2. Certification of the open meeting law agenda requirements and approval of the agenda**
- 3. APPROVAL - Minutes of the February 4<sup>th</sup> 2014 meeting**

#### **ACTION ITEMS**

##### **4. DISCUSSION AND ACTION - North Gateway Park plans**

A report and list of proposed projects from Vierbicher is included in the packet. If approved, work would be done this spring and summer.

##### **5. DISCUSSION AND ACTION – Professional Services Agreement with Vierbicher (North Gateway Park)**

The project generally consists of the construction of new roads being 37 feet wide and consisting of asphalt pavement with concrete curb & gutter. Sanitary sewer, water main, and storm sewer will be constructed within the roadways to serve the development. Storm water management facilities will be constructed along the western portion of the property to meet regulatory requirements. In addition, a water main loop will be constructed along STH 35 to Vena Court. An intersection meeting WisDOT requirements will be constructed to connect to STH 35. Additional activities associated with the project will include an Archeological investigation as well as obtaining a variance to the Scenic Easement that exists along STH 35.

##### **6. DISCUSSION AND ACTION - Marquette Road - Phase Two**

Preliminary plans from the Wisconsin DOT are included in the packet.

##### **7. DISCUSSION AND ACTION – Jackson Street overflow swale to Godden Pit**

There are two options to consider: 1) connects to the existing ditch in the Cass Street right-of-way and runs down the Talbot Street right-of-way, then west to Godden Pit, and 2) would connect directly to the proposed detention basin and would run down Talbot Street. Both options will require a larger box culvert under Webster Street, which is included in the cost estimate.

##### **8. ADJOURNMENT**

---

Aaron Kramer, City Administrator
